| Series          | Seascapes 2015 Collection  |
| Artist          | Danie Bester   |
| Description     | Long exposure, minimalist panoramic study at Balito Bay, Kwazulu Natal. The dark, moody clouds on top against the still waters and subtle tones below, leaves the viewer uneasy. It is mystery and power against the serenity and calmness of the ocean   Black and white, split toned image with subtle blue hues in the shadows and faint yellows in the highlights. |
